EDUCATION

- **University Institute of Engineering and Technology** MDU, Rohtak
  B.Tech - Computer Science and Engineering ; GPA: 8.7 *Aug 2022 – July 2026*

TECHNICAL SKILLS

- **Languages**: Java, C, JavaScript, TypeScript
- **Technologies/Frameworks**: HTML5, CSS3, ReactJS, NextJS, Tailwind-CSS, JavaScript, Node.js, Express.js, Postman
- **Developer Tools**: VS Code, github, IntelliJ, Figma, Canva

PROJECTS

- **<u>EduNest Edtech Platform</u> (Live Link)** MERN Stack
  - **Role-Based Interfaces**: Built dashboards for Admin (user/course control, email), Instructor (course/session mgmt), and Student (enrollment tracking).
  - **Authentication**: Implemented JWT auth with email/password Google OAuth; included password reset and role protection.
  - **Media UI**: Developed responsive UI with Tailwind CSS; used Cloudinary for uploads and pipe-based video streaming.
  - **User Engagement**: Enabled reviews, ratings, comments and progress tracking
  - **Payments**: Integrated Razorpay for secure, real-time checkout.
  - **Stack**: MERN stack with Socket.IO for live sessions and Postman for API testing.

- **<u>SERCH Web Search Portal</u> (GitHub Repo)** React, Serpstack API, News API
  - **Search UI**: Google-style interface with text, images, videos, and news via Serpstack API.
  - **Smart Features**: Added query suggestions, trending topics, and news filters (News API).
  - **Responsive Design**: Built responsive tabbed layout using modern CSS frameworks.
  - **Stack**: React.js + Redux; styled with modular/utility-first CSS.

- **<u>Portfolio Website</u> (Live Link)** MERN Stack, GSAP Animation
  - **Frontend**: Crafted animated React.js portfolio using GSAP with smooth scroll and dynamic sections.
  - **Backend**: Node.js + Express backend for inquiries, auth, and admin data.
  - **Mailing**: Integrated NodeMailer for auto-responses and admin alerts.
  - **Admin Panel**: JWT-secured admin dashboard with session handling and inquiry tracking.
  - **Stack**: React, Express, MongoDB, NodeMailer, JWT, GSAP.

CERTIFICATIONS

- **Hack@UIET 2.0 (Certificate)** UIET MDU Rohtak
  Participation Certificate

- **IBM SkillBuild Frontend Internship (Certificate)** IBM
  Frontend Development Internship Completion

EXPERIENCE

- **Front-End Developer – Face Recognition Attendance System (GitHub Repo)** Hack@UIET 2.0
  UIET MDU Rohtak *Mar 2024*
  - **Built a real-time face recognition attendance platform using JavaScript with webcam access, live detection, API integration, and delivered a working prototype in 24 hours.**:
