

Keshav Kumar

Full Stack Developer — MERN Stack and Next.js

+91 9693209390 | keshav.buillds@gmail.com | LinkedIn | GitHub | LeetCode

Professional Summary

Full Stack Developer with a frontend focus and hands-on experience in the **MERN stack** and **Next.js**. Improved application performance by **30 percent** through UI optimization and Core Web Vitals improvements. Resolved **GitHub Actions build time errors** to ensure reliable frontend builds. Strong foundation in **Clean Architecture**, **Agile** development, and **Data Structures and Algorithms**, with **150+ problems** solved.

Technical Skills & Core Competencies

Languages: Java (OOP), JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3

Frontend: React, Next.js, Redux Toolkit, Redux Thunk, Tailwind CSS, GSAP, Responsive Design

Backend: Node.js, Express.js, REST APIs, JWT, OAuth 2.0, Firebase, Nodemailer

Tools: Git, GitHub Actions, MongoDB, MySQL, Postman, Vercel, Figma

Concepts: Data Structures and Algorithms, Authentication and Authorization, Frontend Performance Optimization

Professional Experience

Frontend Developer Intern

Jul 2025 – Present

Zupper Commerce Pvt. Ltd.

Remote

- Improved Core Web Vitals by **30 percent** using modular frontend components, code optimization, and optimized rendering patterns in Next.js with server and static page rendering strategies.
- Refactored Redux Thunk based **state management** and built reusable UI components using **React** and **Tailwind CSS**, standardizing API loading, error, and success handling across seller dashboards.
- Integrated automated **MSG91 SMS** notifications and dashboard analytics views to support user communication and activity tracking.
- Resolved **GitHub Actions build time errors**, validated API responses using **Apidog**, and collaborated with cross functional teams in an **Agile** environment.

Key Technical Projects

EduNest EdTech Platform — MERN Stack, Razorpay, JWT

Live Demo

- Implemented secure **JWT-based authentication** and **role-based access control (RBAC)** with protected routes for students, instructors, and administrators.
- Built instructor workflows for course creation and management, and integrated the **Razorpay payment gateway** supporting multiple payment modes.
- Developed a **single-page analytics dashboard** enabling students to track course progress and instructors to monitor learning activity.

Dynamic Developer Portfolio — React, GSAP, Node.js

Live Demo

- Designed interactive frontend experiences using **GSAP animations** to deliver smooth transitions and engaging user interactions.
- Implemented a secure contact workflow using **Node.js** and **Nodemailer**, including form validation and automated email handling.

Technical Achievements

Solved **150+** algorithmic problems on LeetCode with focus on optimal time and space complexity.

Frontend improvements contributed to a **20 percent increase** in seller task completion rates.

Supported applications used by **500+ active users** without reported critical security issues.

Education

UIET, Maharshi Dayanand University

Rohtak, Haryana

Bachelor of Technology in Computer Science and Engineering (Overall Percentage: 82 percent)

2022 – 2026
